Re: ADR Process for the Skinner Landfill NPL Site

Dear Ms. Estes:

Please find attached a copy of a letter sent to your attention on January 28, 1997. This letter was in response to a conversation we had on January 28, 1997. To reiterate, we are not now, nor have we ever been, a transporter of hazardous waste. It is our belief that we have been included in this action in error and we continue to state that we have no responsibility for this situation.

If you have any further questions regarding this issue, please feel free to contact me at 513-860-1184.

Very truly yours,

Re: ADR Process for the Skinner Landfill NPL Site

Dear Mrs. Estes:

I am writing this letter in response to your letter dated January 8, 1997, and to our phone conversation on January 28, 1997. As I stated in our conversation, Night Hawk, Inc. was incorporated in 1986, and was not purchased, in any part, from any previous trucking company. I have no records to indicate that we were ever involved in the Skinner Landfil Site. We are a flatbed fleet and do not have the required permits to haul hazardous material. If you have any questions regarding this information, please feel free to contact me at the above number.

Thank You

  
William T. Aichholz
